

*Charity League
of Martinsville
& Henry County*

Charity League of MHC is a non-profit organization whose purpose is to promote growth and development in children throughout Martinsville and Henry County. Since its inception in 1931, Charity League has sponsored a wide array of children's programs and supported many organizations serving the children of our community.

Each year, Charity League receives numerous requests for support, many more than it can support. Please be aware that while Charity League deems many requests as worthy, not every request can be granted due to limited funds.
